INTERNATIONAL INVITATION

We cordially extend an invitation to all boxers to participate in the Sixth Annual Long Island Amateur Boxing Championships. Kindly use this letter as your club or individual athlete's official invitation to obtain your visa to participate in the tournament. Please feel free to contact us if you need additional information for Visa Application and we will assist were ever we could.

To obtain an application package please visit our web sites at WWW.LIAMATEURBOXING.COM or WWW.USABOXINGMETRO.COM, or contact us at LIAMATEURBOXING@AOL.COM.

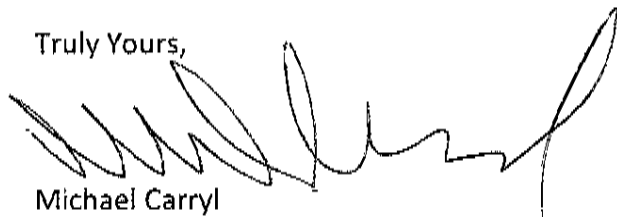

This tournament is the fastest growing tournament in the United States of America. In 2009 over 300 boxers participated in the tournament with some international participants. Open Male and Female Champions of the Long Island Amateur Boxing Championships receive championship belts and sweat suits and are considered for our international exchange programs.

Each individual athlete or club is required to have a written authorization letter from his or her Federation or Association to participate in the tournament. The Authorization letter must be submitted along with the participant's or club application by July 31, 2011 so that we may comply with USA Boxing policy and procedure. In addition, all participants must have an International Passbook or Federation/Association Passbook.

Insurance is a requirement for all international teams, other than Canada, unless you provide proof of insurance through your Federation/Association. You must be insured through Trav Med, an Olympic insurance program, at a cost of \$3.50 per day, per person. Athletes must be covered and coaches should be covered. Additional members of your delegation may also wish to carry this medical insurance at the same cost. It is suggested that you insure every member of the delegation for each day of travel and the dates of competition. However, athletes must have insurance for the competition dates and it must be obtained prior to July 31, 2011. Please contact Michael Carryl at LIAMATEURBOXING.COM to obtain your insurance.

Thank you for considering attending the fastest growing tournament in the United States of America. We look forward to seeing you and having your Federation/Association participate in this wonderful and competitive tournament. If you have any questions or concern, please feel free to contact Michael Carryl at 568 Wadleigh Ave, West Hempstead, NY 11552 or e-mail @ LIAMATEURBOXING.COM.

Truly Yours,

Michael Carryl

President, Long Island Amateur Boxing Championships and Charities Inc.
